Synodal Update: During the past week the various participants in the Synod on Synodality shared ideas and talks about the topics of: Communion, or what it means to be Church; Participation and listening to each other with new ideas and sharing; and Mission, discovering our part in the mission of the Church in proclaiming the Gospel. Many people are hearing things in the news about what is being said in these discussions. We must remember that this Synod session is not to bring us definite directions or solutions at this time. All ideas will be shared and discussed and summaries will be given to Pope Francis. He will study the summaries, as will all the participants. Then in October of 2024 they will gather again in Rome to work out any details or directions and we will be given a final document from Pope Francis. Please pray for the success of this Synod on Synodality.
